7.4. Costs of Verification. A Receiving Party shall pay its own cost of a verification unless it is finally determined that there was an underpayment by the Distributing Party of at least five percent (5%) of the total royalties paid to the Receiving Party in which case the Distributing Party shall bear the reasonable costs of the verification. When determining the amount of an underpayment for purposes of this subparagraph only, no royalties payable to a Producer who was not previously identified by a Receiving Party to a Distributing Party as a Producer for whom the Receiving Party was claiming royalties shall be included.

8. Duty of Confidentiality. A Receiving Party owes the Distributing Party a duty of confidentiality and may only use the data exchanged pursuant to this Agreement in furtherance of this Agreement and for no other purpose.

9. Representations and Warranties. Each signatory hereto represents and warrants that it has the right, power and authority to enter into this Agreement and that this Agreement has been duly and validly executed by an authorized officer of the signatory.

10. Tax Withholdings.

10.1. Generally. To the extent required by law or international treaty, each Party shall withhold taxes from any distribution to the other Party.
